In all such cases, however, the final statement covering the complete month's receipt of milk shall conform to the provisions of subsections (d) and (or) (e) of said section 9, and the interim payment shall be shown on such statement as a separate deduction.

Contracts

11. The provisions of this section are hereby declared to constitute part of any contract which has been entered into or which may hereafter be entered into between a milk-dealer and a primary producer, or between a co-operative, association, or agency and its primary-producer members.

(1) The allotment and acceptance of a basic quota shall be deemed to constitute a contract between the primary producer concerned and his milk-dealer or his co-operative, association, or agency.

(2) On or before October 1st, 1954:—

- (a) The whole-milk requirements of a milk-dealer, co-operative, association, or agency as compared to the total of all basic quotas held with said milk-dealer, co-operative, association, or agency during the period March 1st to July 31st, 1954, inclusive, shall be determined on a percentage basis:
 - (b) Every daily basic quota allotted under the provisions of Order No. 40 shall be increased or decreased in accordance with the percentage determined under (a) above for the appropriate milk-dealer, co-operative, association, or agency;
 - (c) The total pounds of milk resulting from the determinations and calculations under (a) and (b) above shall be the daily quota of the primary producer concerned, effective on and from October 1st, 1954;
 - (d) In the event either or both the months of August and September, 1954, are designated as part of the related basic term, the quotas of all primary producers established under (c) above shall, for the purposes of subsection (4) of this section and clause (a) of subsection (5) of section 16 hereof, be deemed to have been in effect during said months.
- (3) In the event that a new area is prescribed:—
- (a) The primary-producer price shall be paid for all whole-milk requirements of any milk-dealer, co-operative, association, or agency in said area during any pay period, and the total amount of milk so paid for shall be pro-rated to each primary producer on the basis of the percentage his total shipments of milk are to the total whole-milk requirements of the milk-dealer, co-operative, association, or agency to which he supplied milk;
 - (b) At the conclusion of the first basic term after a new area has been prescribed, every primary producer supplying milk to said area shall be allotted a quota calculated by totalling the number of pounds of milk he was paid for at the primary-producer price

established by the Board and dividing said total by the number of days he supplied such milk, provided always that said primary producer did supply milk during the last seven (7) consecutive days of said basic term.

(4) Quotas shall be adjusted on the 1st day of March in each year in the case of all primary producers who have failed to deliver the full amount of their quotas during the preceding basic term. Adjustments shall be made by reducing said quota to the daily average pounds of milk supplied during said basic term.

(5) (a) No adjustment shall be made to any quota merely because all or any part of the milk delivered by a primary producer during any pay period is classified as unfit for the fresh fluid-milk trade, provided always that his Class IV licence remains in good standing.

(b) Milk classified as unfit for the fresh fluid-milk trade shall not be considered as supplied for whole-milk requirements.

(6) If any primary producer's licence is suspended and remains suspended for a period of thirty (30) days, his quota shall be cancelled and shall be at the disposal of the Board.

(7) If any primary producer's licence is cancelled either by the Board on its own motion or by the Board at the request of any duly constituted health authority in any prescribed area, his quota shall, *ipso facto*, be cancelled as of the date of the cancellation of his licence, and shall be at the disposal of the Board.

(8) (a) In the event the whole-milk requirements of a milk-dealer during any period exceed the combined total of all quotas allotted, such additional milk shall be added *pro rata* to said quotas.

(b) In the event the whole-milk requirements of a milk-dealer during any pay period are less than the combined total of all quotas allotted, all quotas shall be reduced by the percentage said quotas exceed requirements.

(c) In the event the quota allotment to a co-operative, association, or agency is adjusted in accordance with the provisions of either (a) or (b) of this section, the quotas of its members shall also be similarly adjusted.

12. No licensed primary producer shall hold a quota with more than one milk-dealer except with the written approval of the Board.

13. No licensed primary producer shall supply a milk-dealer with milk other than that produced by his own herd on his own premises, or, in the case of a co-operative, association, or agency, with milk other than that handled for its own members.

14. Notwithstanding anything contained in this Order, in the event that primary producers in any area during any basic term supply sufficient milk to satisfy the whole-milk requirements of any milk-dealer, co-operative, association, or agency in said area, no quota shall be allotted to or continued with any co-operative, association, or agency in any other area.

15. (1) Upon the recommendations of the appropriate Quota Committee, quotas may, in whole or in part, be transferred from one primary producer to another for the continued supply of milk for the whole-milk requirements of the milk-dealer, co-operative, association, or agency concerned.

(2) (a) Where a herd, as a producing unit, is being leased, the quota involved may, upon the recommendation of the appropriate Quota Committee, be transferred to the lessee during the term of the lease.

(b) At the termination of any lease covering a herd as a producing unit, the quota involved shall be transferred back to the lessor.

(c) All applications for transfer of quota under (a) above shall be accompanied by a registered copy of the lease.

(3) In the event any primary producer fails to fulfil the provisions or terms of any document covering the sale of a herd as a producing unit and the ownership of said herd is returned to the seller, any quota involved in the original transaction shall be transferred to said seller.

(4) All applications for transfers of quotas shall be made in such form and in such manner as the Board may from time to time prescribe.

Quota Committees

16. (1) There shall be a committee, known as a "Quota Committee," established for each milk-dealer's plant and for each co-operative, association, or agency in all areas now prescribed or which may hereafter be prescribed in an Order of the Board, and such Committees shall consist of three members as follows:—

(a) A representative appointed by the milk-dealer, co-operative, association, or agency;

(b) A primary producer appointed by the primary producers shipping to that milk-dealer, co-operative, association, or agency; or failing such appointment, a primary producer named by the Board;

(c) A representative of the Board.

(2) A quorum shall be the Chairman and one other member of the Committee.

(3) The Board's representative shall be the Chairman and convener of the respective Committees and shall have a vote on all questions.

(4) All Quota Committees, when adjusting basic quotas under the provisions of subsection (4) of section 11 hereof, shall give due consideration to representations made by any primary producer that the production of his herd has been seriously impaired by circumstances entirely beyond his control.

(5) (a) In the case where any quota is available for distribution on the 1st day of March in any year, the quota available shall be at the disposal of the appropriate Quota Committee for recommendation to the Board for allotment.

(b) In making recommendation under (a) above, Quota Committees shall give due consideration to applications filed by primary producers who do not hold quotas.

(c) Applications for new quotas or for increased quotas shall be made to the Board on the form prescribed by it for submission to the appropriate Quota Committee for its recommendation.

(6) Any person affected by a decision of a Quota Committee shall have the right of appeal to the Board within twenty-eight days from the date of such decision.

(7) In the event a milk-dealer has knowledge that his whole-milk requirements may be greatly increased or decreased by the obtaining or losing of a contract, or for any other reason, it shall be his duty to so advise the appropriate Committee for such action as it deems advisable or necessary.

(8) Quota Committees shall furnish reports at such times and in such form as the Board may from time to time prescribe.

Records, Reports, and Returns

17. (1) Distributors shall keep such books, records, and accounts as will afford an intelligent understanding of the conduct of their business, or as the Board may from time to time prescribe.

(2) Such books, records, and accounts shall at all times be available for inspection by the Board, or an officer or inspector of the Board, or such other person as may be authorized by the Board to make an inquiry or report.

(3) Distributors shall furnish periodically, and at such other times as the Board may require, a detailed report of finances and operations, in such form and containing such matters and verified in such manner as the Board may prescribe.

(4) Every milk-dealer and producer-distributor shall, on or before the twentieth day of each month, furnish the Board with a true and detailed report of purchases and sales of milk, milk products, and creams during the month immediately preceding, such report to be in such form as the Board may from time to time prescribe.

Prohibitions

18. No person who may have legally purchased or acquired any milk under the provisions of this Order in any prescribed area shall transport or distribute any milk to or in any prescribed area unless the conditions and terms under which said transportation or distribution are effected have

been given the written approval of the Board.

19. No milk which is surplus to the whole-milk requirements in any prescribed area may be sold for the whole-milk requirements in another prescribed area unless the conditions and terms under which such milk is sold have received the written approval of the Board.

20. No producer-distributor shall obtain milk which he may require for sales in excess of the milk produced by his own cows, excepting from another producer-distributor or a milk-dealer licensed by the Board to distribute milk in the same area. Milk so obtained shall be packaged ready for distribution by the original licensee.

21. No milk-dealer, milk-jobber, or producer-distributor in any prescribed area shall make any extension to, or of, his operations without first complying with the provisions of Part II of the Act.

22. No milk-dealer, milk-jobber, or producer-distributor shall use any vehicle for the distribution of milk to the public without first having the name under which the business is conducted printed in plainly legible characters on both sides of said vehicle.

Repeals

23. Orders Nos. 40 and 44 are hereby rescinded.

24. This Order and any directive issued in pursuance thereof shall have effect in any area prescribed, or which may hereafter be prescribed, in any Order of the Board, and becomes effective on the date it is approved by the Lieutenant-Governor in Council.
